IT'S THE LAST DAYS OF OCTOBER AND IT HURTS TO PULL THEM OUT BECAUSE OF ALL OF THE DAYS OF OUR SEASONS, THESE ARE THE MOST PERFECT. BUT, OUT THEY MUST COME, FOR THE DAYS GROW SHORT AND THE SEASON CAN'T LAST. THIS IS INDIAN SUMMER AND MOTHER NATURE IS AN INDIAN GIVER.

AT THE WHARF, AS SEEN ON OUR COVER, THE MASTS BEGIN TO FALL FOR WINTER STORAGE. IN THE SLIP BELOW, THE MANY LEFT WILL DWINDLE UNTIL THERE ARE ONLY THE VERY FEW. THESE ARE THE DAYS TO SAVOR THROUGH THE CHILL AHEAD.

chase two new boilers or to purchase one new boiler and use the parts of the discarded one to recondition the second boiler. Either way, Santos said, the committee would be eligible for state assistance with 60 percent reimbursement.

The estimated cost for the engineering study is \$3,500, with funds coming from the fiscal 1987 operating budget, but not in a specific line item. The estimated cost for the immediate emergency repair on the second boiler is \$4,739. These funds for the repair will come from the fiscal 1987 operating budget--also not a specific line item. Santos explained these funds will be expended now and, "if we run short by the end of the fiscal year, we will have to go to the Finance Committee for reserve funds or take from other sources in the school budget".

Santos explained one new boiler would cost between \$60,000 and \$80,000. He could give no estimate for two new boilers. He added that the state reimbursement funds required that a registered engineer

NOVEMBER BIRTHSTONE

THE TOPAZ

If one were to study all the gem stones with the idea of selecting the best fashion jewel, the choice might very well be the TOPAZ, for it embodies many desirable qualities.

As a birthstone, TOPAZ has more sweeping powers attributed to it than any other gem. Also it is one of the hardest stones known. This family of gems comes in a number of lovely colors suitable for use in nearly every type of jewelry, and TOPAZ is relatively inexpensive.

According to the ancients, the TOPAZ cooled not only boiling water, but angry temper too. It cured insanity, asthma and insomnia, gave strength and, best of all, averted sudden death. In biblical times, the TOPAZ was the symbol of uprightness, while more recently it has stood for loyalty and healing power.

The name TOPAZ derives from the Greek, meaning "to seek". Chemically, the TOPAZ is an aluminum fluosilicate. It occurs in openings or cavities of fire-formed rocks and the beautiful gem crystals are caused by the action of hot acid vapors rich in fluorine upon the aluminum silicate in rocks.

The most popular TOPAZ is the tawny yellow variety, most of which comes from Brazil.

Since at one time all such yellow gem stones were known as TOPAZ, this most valuable type is frequently called "Precious TOPAZ". TOPAZ crystals frequently occur in very large sizes, although the giant-proportioned stones are seldom suitable for cutting. One of these from Brazil, weight four pounds, was given to Pope Leo XIII in 1902, on the occasion of his Silver Jubilee.

Brazil is also the source of larger quantities of Blue colored TOPAZ. Light blue and light green TOPAZ resembling Aquamarine in color are also found in Russia and Siberia; other TOPAZ colors are Reddish-Violet, White (colorless) and Pink. Other important sources of TOPAZ include Japan, Madagascar, Ceylon and Burma.

Used as a ring stone, the TOPAZ is most likely to be step cut. Both the step cut and the cushion brilliant are employed with this gem stone.

with the engineering study. Hodges commented he felt this money request should be part of the Long Range Planning Committee's considerations. Selectmen said no, but that it is an emergency situation, as the number two boiler kicks on from the number one boiler when the temperature drops below 20 degrees. Hodges responded, saying, "Other departments also have emergencies".

Selectmen agreed that if the school committee feels this is the way to go, they concurred. Santos will keep the Selectmen informed on progress of the boilers' condition and the engineering study.

posed by David Bancroft and Russell Bessette of Driscoll Lane, Selectmen agreed "to grant permission to Pur-nell H. and Nancy I. Guard the use of the existing railroad right-of-way for access and frontage to a lot they own at the rear of 22 Park Street. Only that portion of right-of-way required by the Planning Board shall be used by the grantee."

Bancroft felt town meeting members did not understand there was no lot at the rear of 22 Park Street as yet. Selectman James Huntoon commented this aspect is not in their jurisdiction to justify the lot's existence and said it is a Planning Board or Board of Appeals judgement. Bessette asked if the approval gave Guard the right to use the back of his lot from the right-of-way. Guard said he has been parking in the back of his lot for 19 years and was told it was alright as long as the right-of-way was not obstructed. Selectman Frank Suzan recommended a legal opinion be obtained from Town Counsel as to Guard's right to use the way to his backyard.

The Board agreed to limit the width of the 66 foot right-of-way to that portion required by the Planning Board. Guard noted the Planning Board told him he would need at least a 22 foot width to allow pas-

QUESTION: WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinary treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the answer.

Drugs and medications merely cover up the symptom, deceive the player into

thinking the actions make the injury more serious.

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury risk and fast recuperative powers.

QUESTION:

Here's what you can do:

- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiropractic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.

- Make certain that a doctor of chiropractic is a member of your health team. Many of the high-performing professional and amateur teams have retained doctors of chiropractic as their team physicians.

- Minimize the use of drugs and medications and utilize natural health methods.

YOUR HOUSE WANTS TO SEND YOUR KID TO COLLEGE.

Turn your home equity into cash for any good reason.

Your home is one of the biggest and best investment decisions you've ever made. As its value has increased in recent years, you've built up a substantial amount of equity. Now you can put that equity to good use with a Home Equity Loan or Line of Credit from Fairhaven Savings Bank.

With a Home Equity Loan, you get your money up-front, to use as you wish. With a Home Equity Line of Credit, you can access your money whenever you want, just by writing a check. No matter which account you choose, you'll pay a competitive interest rate.

In as little as 48 hours, we'll process your application for a loan or line of credit from \$5,000 to \$100,000 (or 75%

of the assessed value of your home).

What's more, for a limited time, we'll waive all attorney, appraisal* and application fees for which other banks charge up to \$300.

For real convenience, we'll automatically charge your monthly payments to either your Fairhaven Savings NOW Checking, Charter Account or Money Market Statement Account.

Let your house send your kid to college, buy you a boat, meet your needs and fulfill your dreams.

Call 1-999-7000 and ask about a Fairhaven Savings Home Equity Loan or Line of Credit. Or stop into one of our convenient banking centers today!

south side of Center School at 6:15 p.m. with live dixie-land music, while the parade is forming. The parade will go west on Church Street onto Main and Water Streets, north on Barstow Street to rear of the Center School, where the costume judging will take place. Judges will be looking for the most unusual costume. This year in an attempt to make this more of a family affair, there will also be one adult prize given out, which will be dinner for two at a restaurant in Mattapoisett (restaurant to be announced later).

Girls ... can we talk?

Perhaps you noticed her ... you know who I mean ... the girl who makes her own statement by what she wears. Sometimes she's called .. you know .. a free spirit, has her own mind, her own style ... she's creative! Haven't you envied her?

Haven't you thought, sure ... looks great on her, but well ... I don't have the nerve; I'm so predictable. What will my friends think?

Well, girls, at some times in our lives a change is what we need. You know .. have a little fun, be unpredictable, a free spirit, and sometimes all it takes to open that door is

Generics

How to save up to 50% on prescriptions

When new drugs are developed, the original manufacturer must bear expensive research and marketing costs. The brand name formula may be protected by patent for seventeen years and produced solely by the developing manufacturer.

However, when the patent expires, chemically equivalent "generic" drugs may be produced by many manufacturers. Subject to the same consumer safeguards and FDA regulations, generic drugs are time-tested formulas of equal quality to their brand name counterparts...but often substantially lower in price.

Though not all drugs are available generically, we stock more than ever before. Recent and future patent expirations will enable you to save as much as 50% on many of today's most widely used drugs.

You may want to ask your doctor if a generic is right for your prescription. Your pharmacist is a trained professional who will gladly help you and your physician select the proper brand name or generic medication at the best price.

"HIGH TECH" FUN PROGRAM AT ROCHESTER SCHOOL

On November 4th at 1:30 the students of the Rochester Memorial School will learn more about the State of the Art Robots, currently being developed for personal home and industrial use. The "high-tech" fun program is coming to south-eastern Massachusetts from Michigan and will be touring for six weeks through arrangements made by S.U.C.C.E.E.D. and the South Shore Arts Collaborative. S.U.C.C.E.E.D., a volunteer collaborative whose members are dedicated to bringing the finest quality performing arts, science, and humanities program to their school children and communities, was instrumental in bringing "The Wonderful World of Chemistry" to its member schools last year. The chemistry program is a program developed by the same company, Mobil Ed Productions, as the Robotics Show. The chemistry program was so well received by schools participating in the program that

Jazz Concert

Joel Press and the Evolutionary Jazz Ensemble will perform at 12:30 p.m. Thursday, October 30th, in Room 153, College of Visual and Performing Arts Building, Southeastern Massachusetts University.

The performance, part of the SMU Concert Series, is open at no charge to the public.

Press spent two decades in New York City as a performer and composer. His jazz associates there included Sheila Jordan, Jaki Bayard, Ray Nance and the bands of Claude Thornhill and Boyd Raeburn. He created approximately 20 musical scores for dance performances, the theater, and films before moving to Boston in 1975. He was soloist at the 1980 Boston Globe Jazz Festival.

Mattapoisett Brownies

This past Spring Mattapoisett Brownie Troop 158 planted a beautiful annual flower garden around the flagpole of Center School. The garden was maintained throughout the summer by the individual Brownies on a rotating schedule. For their first Service Project of the 1986-87 year the girls decided to plant a spring bulb garden filled with a variety of tulips and daffodils. Each girl dug the holes and planted four bulbs with the help of Mrs. Marsha Kelley and Mrs. Martha Xavier. They can't wait

a very different approach to photographing these trips.

Paul Smith covered over 26,000 miles through the western United States, British Columbia, Alberta, Alaska and the Yukon Territory as well as northern New England over the past several years. A self-taught photographer using a Mamiya M645 camera, Paul's main interest is in the black and white landscape. The subject matter ranges from the vastness of mountain terrain to the arid desolation of the American southwest, projecting a unique visual impact. All prints are archivally processed using double weight fiber-based paper, selenium toning and acid-free mounting board.

Craig Alexander's travels have taken him to many uncommon places where he has recorded images in brilliant, exotic color photographs reflecting his unique view of the people he has met and the places he has been. Many of the still lifes project a strong sense of action through design and color.

tional value of this project.

"I think making our huts were worthwhile because it showed us that people weren't always as lucky as we are today. People use to have to fight for their food, they could not just go out to the supermarket. Their shelters weren't heated houses and apartments, but huts like ours that would probably only last a night. It showed us that life used to be hard. It was a fight to stay alive, and finding food took up most of your time. Making huts were worthwhile because it taught us a lesson, a lesson about life and how you should be glad to have food, a nice home and caring parents that work hard to give you a nice life. I think that making huts was an experience I'll remember for a while."

Former Summer Resident Dies

Beatrice R. Gardner, M.D. died at Jordan Hospital, Plymouth on October 12th at the age of 84. A longtime summer resident of The Cedars, Mattapoisett, Dr. Gardner was the wife of the late Dr. George Edward Gardner. She was born in Warwick, R.I., graduated from Pembroke (then a part of Brown University) in 1922 and from Boston University School of Medicine in 1935. Dr. Gardner resided most recently in Duxbury after living in Belmont where she was a physician for the Belmont School System. For over forty years she ran the Well Baby Clinic in Boston and Belmont and was psychiatrist for the Newton Public School System. In addition, Dr. Gardner was a staff physician at Beaver Brook Clinic and

houses, Christmas decorations, fine art and frames, books, gourmet foods, creative gifts and a variety of wonderful toys are among the items offered. There are 8 new shops this year, featuring such items as rugged canvas luggage and bags, country crafts, porcelain eggs, hand painted sweatshirts, family and house portraits, and candy. There will be two raffles: a "table raffle" of many fine items donated by area merchants, and a 5-day trip to Disney World and nearby attractions.

Holiday Shops - 1986 is located at the Rothwell Gymnasium at Friends Academy, 1088 Tucker Road, North Dartmouth, which is one mile south of the North Dartmouth Mall.

Shopping hours are Wednesday, November 5th, from 10 a.m. to 5 p.m.; Thursday, November 6th, from 10 a.m. to 8 p.m.; and Friday, November 7th, from 10 a.m. to 5 p.m. Admission is \$2.00. There is unlimited free parking.

Luncheon may be purchased and is available from 11 a.m. to 2:00 p.m. each day. According to Linda Lane of Marion, coordinator of the luncheon, the menu consists of a hearty soup, salad, rolls, fancy pastries

MASH Party

Friday, November 7th, marks the date of M A S H Party that will benefit New Bedford's historic Zeiterion Theatre. The party gets underway at 1900 hours (7:00 p.m.) at the waterfront State Pier, and tickets are \$50.00 per person, tax-deductible.

The Zeiterion's M A S H Party will feature military props supplied by the Yankee Division of the National Guard, a mess-tent serving dinner and drinks, recreations of the "Swamp", and music from the M A S H era.

Creative military and M A S H inspired dress is encouraged. Here's a chance to impersonate favorite characters from the ever popular television series and movie.

NEW ENGLAND GARDENS - LECTURE

The final garden lecture of the season will be given by the executive director of Blithewold Arboretum & Gardens of Bristol, Rhode Island. The illustrated talk by Mark Zelonis will feature more than two dozen of the area's finest and most interesting gardens. The gardens shown will range from tiny back door kitchen plots to huge formal estates; from arboreta and conservatories to wildflower trails; and from commercial nurseries to cemeteries. The lecture will be held Thursday, October 30th at 7 p.m.

New England's public gardens are as diverse as the people who inhabit the region's six states. From seaside estate to mountainside villa, each garden shown will illustrate the tastes and whimsies of its builder.

The public is welcome; admission is \$5. per person or \$3. per Museum member. The Rotch-Jones-Duff House

**GRAY SARGENT DUO
AT ROTCH-JONES-DUFF HOUSE**

On Friday, October 31st, the Fairhaven Savings Bank will sponsor the final concert in the "Oktober Fest" series at the Rotch-Jones-Duff House & Garden Museum located at 396 County Street in New Bedford. The concert begins at 8 p.m.; doors open at 7:30 and there is no admission charge.

The jazz duo of Gray Sargent and Marshall Wood from Boston will perform. Mr. Sargent, known throughout the east for his extraordinary technical skill with the guitar, will be heading up the duo in playing both contemporary and popular jazz. Marshall Wood, bassist, will also be exhibiting his creative skill in jazz improvisation.

Both Mr. Sargent and Mr. Wood have performed at the Rotch-Jones-Duff House & Garden Museum with jazz ar-

BIRDS OF THE BUZZARDS BAY COAST

On Sunday, November 2nd, at 9:00
a.m. the Lloyd Center for Environ-
mental Studies will offer a free
weekly walk investigating the Birds
of the Buzzards Bay Coast, led by
Edward Raymond. Participants should
meet at the Lloyd Center, 430 Po-

Group size is limited; pre-registra-
tion is required. To register or
for information please call 990-0505.

After meeting at the Lloyd Center
participants will travel to Barney's
Joy in South Dartmouth, where the
walk will take place. This unspoiled
coastal area, made available for this
walk by special permission of its
owners, encompasses a large variety
of habitats and is the home or stop-
over spot for many species of birds.

Though most migrating shorebirds
have come and gone by this time in
the fall, winter residents such as

Glass Museum

"SIMPLE START TO SILVER FINISH"

Lisa Compton, Director of The Old Colony Historical Society (Taunton), will speak at The New Bedford Glass Museum Sunday, November 2nd, at 4 o'clock p.m.

Ms. Compton's topic will be "Reed and Barton: From Simple Start to Silver Finish", an illustrated lecture on the work of the great Taunton silver firm. Ms. Compton will relate her talk to the NBGM as well as Old Colony collections, and the work of Reed & Barton's competitor, The Pairpoint Corporation of New Bedford.

Lisa Compton has been OCHS director since 1982. She also serves on the boards of The Bay State Historical League, and the Taunton Historic District Commission.

The "Silver" lecture is free of charge to Glass Museum members, or \$2.00 for the general public, and is part of the continuing "Sundays
